

## Copilot AI

With Ingentive, AI is more than a buzzword. It underpins the innovative approach we have in supporting our clients to be the best they can be.

Microsoft Copilot has been a hot topic for months now, but how can it actually help your organisation? At Ingentive, we are recognised AI experts, able to not only assist you with how Microsoft Copilot will work with your favourite applications like Word and Excel but how you can use it across automation and data.

### Solve Data Issues

Manage complex data issues in your workplace with adaptive Microsoft AI integrated across your entire operations and avoid spending additional time on problem-solving.

### Productivity

Improve your financial productivity using a smart platform that collect data to manage revenue cycles, decision support and financial records - all in one platform powered by Microsoft AI.

### Smart Suggestions

Improve your reports and content created with Microsoft Copilot, offering suggestions, tips, and feedback on clarity, sentiment, tone, and style.

## Why Ingentive?

At **Ingentive**, we specialise in unleashing the full potential of Microsoft's business applications, orchestrating complex Azure deployments, and navigating the intricacies of Microsoft Modern Workplace and Cyber Security.

What sets us apart is our unwavering focus on infusing every solution with the transformative power of AI.

We believe that **Artificial Intelligence (AI)** is the most transformative development since the advent of the Internet. It is not just a technology; it is a colossal opportunity for our clients to reimagine every facet of their operations.

Just as the internet revolutionised communication, AI has the power to reshape how businesses go to market, empower their employees and eliminate friction in processes.

# Get Copilot Ready with Ingentive

**Establish a robust data strategy to unlock the power of AI**

In the world of AI productivity tools, Microsoft 365 Copilot is here to transform the way we work. By leveraging the **Ingentive Confidence Platform**, you can expect a strong data foundation, compliance, governance, and future-proofing your data management to ensure long-term adoption and sustainability of Microsoft 365 Copilot.

## How Ingentive supports Microsoft Copilot

### ✓ Readiness

#### STEP 1

- **Centralise your data in Microsoft 365** so it can be accessible to Copilot
- **Improve your data quality** as the foundation of AI recommendations.

#### STEP 2

- **Identify sensitive and overshared content** in Microsoft 365
- **Clean up permissions and enforce policies** to secure your data.

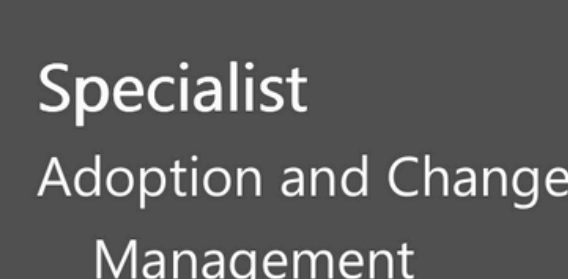

### 🌱 Sustainability

#### STEP 3

- **Enforce go-forward governance** of workspace creation and classification.
- **Establish data lifecycle policies** for ongoing compliance.

## Ingentive are globally recognised with six Microsoft awards

Over the last four years Ingentive has been recognised by Microsoft with six global awards including winning the inaugural award for Diversity and Inclusion partner of the year.

*“They’re the experts in Microsoft products, we trust and utilise the Ingentive expertise and experience to digitally transform.”*

**Richard McGregor, Head of Digital Performance at Cumbria Health**
