About Us

At Ingentive, we believe every teammate is a representative of our business and its values. As a leading Microsoft Elite Partner, we are passionate on delivering innovative Microsoft solutions that improve the way that people work. The advancements in the Microsoft Power Platform products allow us to help our clients advance at a rate previously unheard of. We use our technical knowledge, passion for our clients and strong proven methodologies to make sure we can always deliver the best results.

We work with a varied range of clients and partners to bring leading-edge solutions to organisations delivering optimal return on investment. To us every client problem is heard and understood by our entire team, and that's how we deliver tailored solutions with true passion and consideration. Our success is due to our amazing teammates working across the organisation, bringing continual improvement and innovation to everything they do, and accelerate towards self-sufficiency. We do this by providing client-side incubation support with ready-made out-of-the box capability supported by smart, execution-focussed practitioners.

The Role

The Senior Project Manager will be responsible for overseeing the successful delivery of solutions within Ingentive for our clients.

You will lead teams of developers and consultants and collaborate with various stakeholders to ensure the efficient implementation of projects. This role requires you to demonstrate ownership of project deliverables and commitment to quality, on time, on-budget delivery and will deliver regular communication and reporting to keep project stakeholders (internal and external) up to date on all aspects of your projects.

Essential Expertise:

- Proven experience in leading and delivering technology projects, in a customer facing role
- Strong project management skills with expertise in planning, executing, and monitoring projects using industry-standard methodologies.
- Proven experience in Dynamics 365 Finance and Operations
- Detailed approach to project management tools, such as MS Project or similar with appropriate rigour for management of costs, resources and the project activities
- Clear understanding of the software development lifecycle and delivering a plan to this using the appropriate methodology
- Excellent leadership and interpersonal skills, with the ability to communicate effectively with diverse stakeholders

Desirable Expertise:

- Experience of working as part of a Scrum team or similar Agile discipline.
- Familiarity with Microsoft Azure DevOps is desirable

Responsibilities:

On a daily basis your varied role will include, but will not be limited to:

- Successfully plan, execute and monitor technical projects from initiation to completion, adhering to timelines, budgets and quality standards.
- Provide guidance, mentorship and motivation to your team
- Building and maintaining positive relationships with colleagues, clients, and stakeholders
- Delivering good quality and regular communication both internally and externally.
- Actively monitoring and managing project issues, providing early mitigation of risks to ensure right first-time delivery within the budget and timescales.
- Working closely with the Head of Project Management and Heads of Delivery Teams to plan project resourcing.
- Contributing to the strategy and growth of the team through team meetings/process and documentation and actively suggesting improvements to your line manager.

Teammates' benefits:

- **Bonus Schemes**
- **Life Assurance**
- **Private medical cover**
- **Group income protection**
- **Great Company Pension**
- **Enhanced Sick Pay**
- **Enhanced Family Leave Pay**
- **Volunteering Leave**
- **Teammate recognition scheme**
- **Loyalty award scheme**
- **24/7 access to EAP including Wisdom AI app**
- **Access to Bright Exchange Online marketplace**
- **Remote working with the option to work from our Central London Office**

Successful applicants must have the right to work in the UK and a basic DBS check is required for this position. Ingentive are committed to equality of opportunity, diversity and inclusion.

We welcome applications from all suitably qualified candidates. As part of our commitment to diversity and inclusion, we will provide reasonable adjustments during the recruitment process to ensure equal access to applicants with disabilities. Please contact us about your needs so that we can discuss these with you to make sure that suitable adjustments are made, where possible.
